## Writing

The internet is the biggest evil of our time. Nowadays we can't imagine our lives without the Internet. Some people think that it is the biggest evil of our time. The others do not agree. Who is right?

On the one hand, the Internet is a great help for us. It is also a large source of information, which makes our lives much easier. Secondly, the Internet

helps to communicate with our friends and relatives,  
who live far from us, It is also an opportunity to  
make new friends of interests.
